

**IDEA WRITTEN ADMINISTRATIVE COMPLAINT
NUMBER 08-058**

Name of the school system:
Hamilton County Schools

Description of the violation:

The district failed to install computer software that was specified in the May 2008 Individualized Education Program (IEP) for an elementary student. It was not installed until February 2009.

Description of the law or regulation determined to have been violated:

C.F.R. § 300.39 Special Education (a) (1) (3)

Corrective measures proposed by the school system:

The district has installed the computer software and has purposed to double up on hands-on training for the student for the remainder of the year.

Final determination of the department:

The Division has received notice that the student has received direct service and training for five sessions with six hours of direct service plus staff training. Time and intensity were increase to compensate for the delay in implementation.
